

12.3.3 *Every Inductive Natural Science (except those of classification) consists elementarily of 2 series of independent phenomena connected by the formula of their general relation.

Connecting Links

Science	Phenomena-1	Link	Phenomena-2
		←————→	
Therapeutics	Sick phenomena	<i>Therapeutic law</i> →	Drug phenomena
Physics	Phenomena of sun	← <i>Law of attraction</i> →	Phenomena of earth
Chemistry	Properties of Pottassa	<i>Law of chemical affinity</i> ←————→	Properties of H ₂ SO ₄
Optics	Properties of Luminous body	← <i>Law of light diffusion</i> →	Properties of Light receiving body.

THE CONDITIONS OF A SCIENCE OF THERAPEUTICS

13.3.6 * Capability of infinite progres in each of its elements without detriment to its integrity as a whole.

16.3.2. * It shall provide for the prediction of future events within its own domain. It must furnish means of prevision.

DOES “RATIONAL MEDICINE” FULFILL THESE CONDITIONS.
